Redding Reloading Equipment Proudly Announces Dies & Die Sets

For the 6MM ARC, 22 ARC & 338 ARC

Cortland, NY... Redding Reloading Equipment, a recognized leader in premium reloading tools and accessories, proudly announces the release of new die sets tailored for the 6mm ARC, 22 ARC, and 338 ARC cartridges. This expansion underscores Redding's commitment to supporting emerging and innovative cartridges that meet the evolving needs of precision shooters, hunters, and enthusiasts of modern rifle platforms.

The ARC (Advanced Rifle Cartridge) family has gained considerable traction in recent years for its superior ballistic performance in compact, high-efficiency platforms. Redding's new offerings provide serious reloaders with the precision tools required to maximize performance and consistency from these advanced cartridges.

Now Available:

- **Additional 6mm ARC Dies and Die Sets** – Optimized for high-performance target and varmint loads.
- **Additional 22 ARC Dies & Die Sets** – Designed for varmint hunters and competitive shooters seeking high velocity and flat trajectories.
- **338 ARC Dies and Die Sets** – offers a great combination of power and accuracy when suppressed and unsuppressed.

These new ARC-series dies reflect Redding's ongoing commitment to delivering the highest-quality tools to help reloaders get the most from modern rifle cartridges—whether on the range, in competition, or in the field.

About Redding Reloading Equipment
