Description of Problem			

- * Print a completed Service Request Form or fill it out legibly with as much detail as possible regarding the problem you are experiencing.
- * Package product securely, preferably in its original package
- * If sending a die(s) please also include the components used (brass and bullets only).
- * If sending a Full Length (FL) or Body Die back for headspace/shoulder bump issues please include the shellholder and five (5) ***fired*** cases. New or sized cases will not help troubleshooting issues.
- * Please include sample casts from any moulds returned.
- * **Do not include live ammunition, powder, primers or primed cases as they will not be returned and could possibly be illegal to ship.**
- * **Please utilize a shipping service that provides a tracking number and insurance as we are not responsible for lost or damaged shipments.**

Ship package to:

**Redding Reloading
ATTN: Customer Service
1089 Starr Road
Cortland, NY 13045**

Service Request Form Checklist

- ☐ Please include a copy of the Service Request Form.
- ☐ Service Request Form is completely filled out, legibly, with as much detail as possible regarding the issue that you are experiencing.
- ☐ No live ammunition, powder, primers or primed cases. They will not be returned and could possible be illegal to ship.
- ☐ If sending die(s) please include the components used (brass and bullets only).
- ☐ If sending a Full Length (FL) or Body Die back for headspace/shoulder bump issues please include the shellholder and five (5) fired cases).
- ☐ If returning a SAECO mould please include sample casts for all moulds. We do not need the handles unless it is for a mould that is not closing properly, “fins” or whiskers on a bullet, or bad parting line.
